

News release

Estyn inspections in the spring term

25 November 2008

Estyn, the education and training inspectorate for Wales, has announced its programme of school inspections for the spring term of 2009. A total of 110 establishments across Wales will be inspected.

Contracts have been allocated for teams of registered inspectors to visit and report on 89 Primary schools, 14 Secondary schools, 2 Special schools and 2 Pupil Referral Units.

In addition, teams of Estyn HM Inspectors of Education and Training will carry out inspections at 2 independent schools.

All schools are inspected at least once every six years. Inspections report on:

- educational standards
- quality of education
- quality of leadership in and management of the school (including whether the financial resources made available to the school are managed efficiently) and
- the spiritual, moral, social and cultural development of pupils.

Notes to Editors:

- A list of all 110 schools, grouped by county, is below.
- Estyn is the education and training inspectorate for Wales. Estyn commissions independent inspectors (registered, team and lay inspectors) and Her Majesty's Inspectors of Education and Training to carry out inspections across the full range of education and training providers.
- Estyn inspects nursery schools and settings that are maintained by, or receive funding from, local education authorities (LEAs), primary schools, secondary schools, special schools, independent schools, further education, adult community-based learning, youth support services, local education authorities, teacher education and training, work-based learning, offender learning, careers companies, and the education, guidance and training elements of the Department for Work and Pensions funded training programmes.
