

Supplementary guidance for inspecting in the Foundation Phase – June 2008

Addendum

Please note that the dates for the implementation of the Foundation Phase have been extended by one year. The new dates for implementation are as follows:

- September 2008 for all 3-4 year-olds
- September 2009 for all 4-5 year olds
- September 2010 for all 5-6 year olds
- September 2011 for all 6-7 year olds.

Inspectors should note that the dates included in pages 4-6 of the guidance will continue to apply to Foundation Phase pilot schools and Early Start but will need to be extended by one year for all other schools.
